6. Part of the network. (12) Fás regions.

Please note: This table shows for each target group the total number of measures which are aimed at this target group. It also shows which Departments are involved in those measures. The numbers under "Measure No." refer back to tables 1 and 2, where the full title of each measure is given. Target group titles were used as provided by relevant Departments.

It should also be noted that this table only list those activities focused at ensuring Social Inclusion which are directly part of the Operational Programmes under the NDP. The Health Boards, local authorities, Fás and a number of other agencies are involved in actions which contribute to combating social exclusion, outside the National Development Plan. Capturing all these would have been beyond the scope of this Report
